

Dear Parents/Carers,

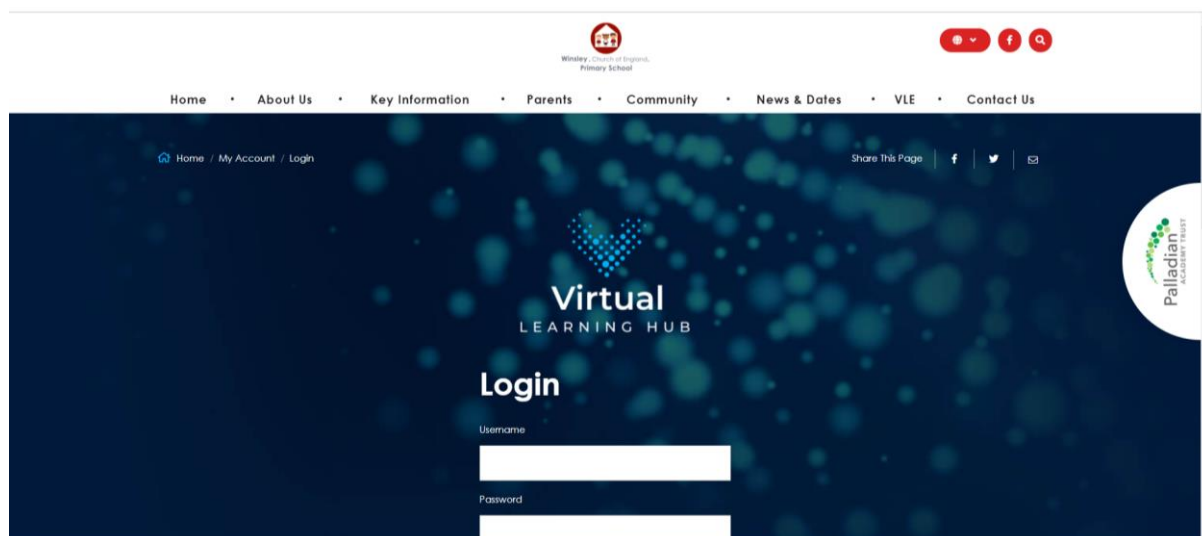

From today, we shall be setting the children's homework through our new Virtual Learning Environment (VLE). This can be accessed through the school's new website.

Please follow the steps below, in order to access the homework set for your child:

1. Access the new website at www.winsley.wilts.sch.uk and click on the VLE link shown in green here:

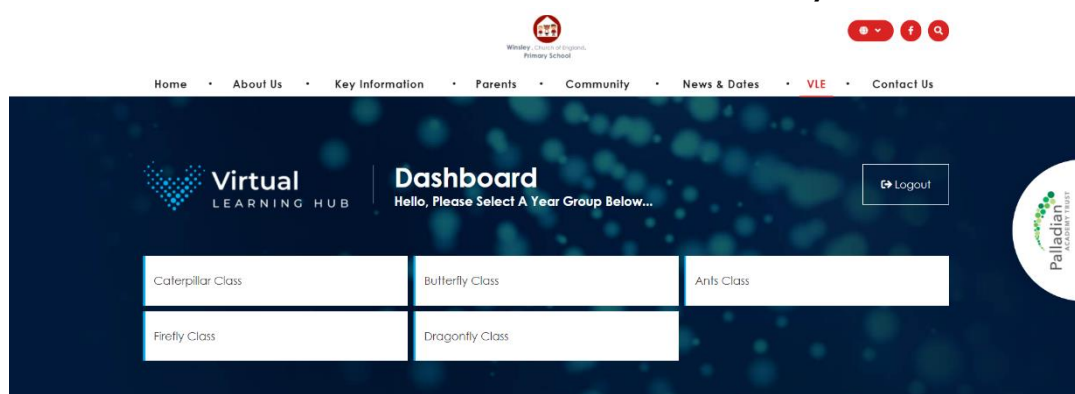

2. This will then open this window:

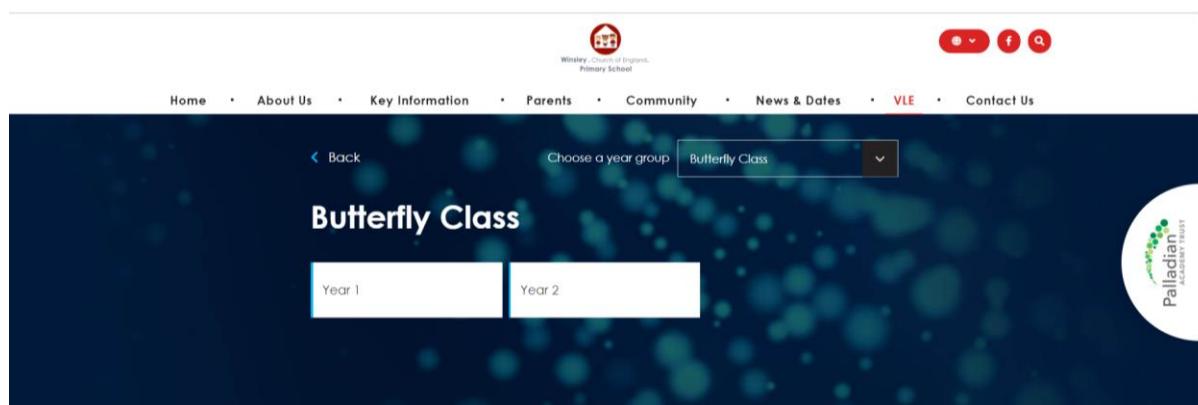

3. Type in the login for your child's class to access the homework. This will be emailed to you separately.

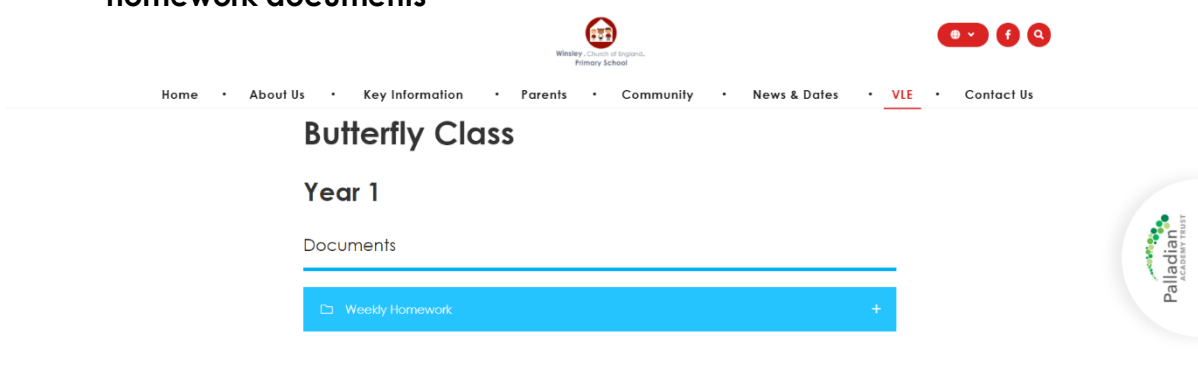

4. You will see the 'Dashboard' screen - select the class you need:

5. Select the correct year group:

6. Click on the drop down menu, shown in green here, and you will find the homework documents

All details regarding the homework will be found within this area for each class.

We hope that you find this system more straightforward to use than DB learning. In order to be as Covid-19 safe as possible, homework will hereafter be set solely through the Virtual Learning Environment.

To keep the handling of items between school and home to a minimum, we are not asking for homework to be brought into school; instead, we would like you to support your child in completing the set numeracy tasks; reading every day and practising their spellings/phonics. Knowledge organisers will be added to the VLE to inform you of the topics being studied as part of our Foundation curriculum – please do read these with your child.

Please do let us know via the office, if you have any queries or technical issues, and we shall endeavour to help as soon as possible. Our homework policy can be found in the 'Key Information' > 'Other Policies' section of the website.

Yours Sincerely,

Mrs Harper
